PROVE IT

*This week's message is based on 1 John 2:3-14

*A sign of knowing God is that we keep his commands. How do you view God's commands? Do you tend to be fairly receptive or resistant?

*How might the fact that His instructions for living are referred to as His "Commands" or "The Law" shape the way you view God's commands?

*Why do you think God gives us commands and how might understanding the rationale behind His commands impact the way you respond to them?

*As wonderful as worship or Bible studies may be, they can become hollow rituals if we're not obeying God's commands. How can you keep this from happening in your life?

*One of our greatest resources for knowing God's will is the Bible. How would you assess your current level of Bible intake?

*A second great resource for knowing God's will is to genuinely ask what Jesus would do. What areas of your life do you think Jesus might not do because it wouldn't be honoring to God?

*What might God be saying to you through this message?
